MEMORANDUM

DATE: 12-13-95
SUBJ: Ciba-Geigy River Removal
FROM: Frank Battaglia *F.B.*
TO: File

On 12-12-95, I attended a meeting at the offices of Woodward-Clyde consultants in Lexington, MA (Ciba Consultant) to listen to a presentation of the preliminary results of the Pawtuxet River Interim Remedial Measure (IRM). The sediment removal was completed in early December and a witness barrier and backfilling occurred on 12-11-95 and the sheet pile was removed on 12-12-95. A final report will be submitted to EPA in the Spring/Summer of 1996.
